North Georgia HealthCare Center (NGHCC) is a 501c(3) non-profit health care facility that serves the underserved in Catoosa County. North Georgia Health Care Center held its first Golf Tournament Fundraiser in 2015. That event was very successful and the proceeds have allowed us to offer Telemedicine services for our community. This has been a huge step in advancing healthcare access for qualifying area children and families. With your support of this tournament we will be able to continue our efforts to ensure all children receive a fair chance at a healthy start in life.
